TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document. "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License. "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity. "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License. "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files. "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types. "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below). "Derivative Works" shall mean any

work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof. "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution." "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and (b) You must cause any modified files to carry prominent notices stating that You changed the files; and (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

-----  
MICROSOFT .NET LIBRARY

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft updates, supplements, Internet-based services, and support services for this software, unless other terms accompany those items. If so, those terms apply.

BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE PERPETUAL RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS. a. Installation and Use. You may install and use any number of copies of the software to design, develop and test your programs. You may modify, copy, distribute or deploy any .js files contained in the software as part of your programs. b. Third Party Programs. The software may include third party programs that Microsoft, not the third party, licenses to you under this agreement. Notices, if any, for the third party program are included for your information only. 2. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS. a. DISTRIBUTABLE CODE. In addition to the .js files described above, the software is comprised of Distributable Code. "Distributable Code" is code that you are permitted to distribute in programs you develop if you comply with the terms below. i. Right to Use and Distribute. You may copy and distribute the object code form of the software. Third Party Distribution. You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs. ii. Distribution Requirements. For any Distributable Code you distribute, you must use the Distributable Code in your programs and not as a standalone distribution; require distributors and external end users to agree to terms that protect it at least as much as this agreement; display your valid copyright notice on your programs; and indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your programs. iii. Distribution Restrictions. You may not alter any copyright, trademark or patent notice in the Distributable Code; use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft; include Distributable Code in malicious, deceptive or unlawful programs; or modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that the code be disclosed or distributed in source code form; or others have the right to modify it. 3. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the

software that only allow you to use it in certain ways. You may not work around any technical limitations in the software; reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation; publish the software for others to copy; rent, lease or lend the software; or transfer the software or this agreement to any third party. 4. BACKUP COPY. You may make one backup copy of the software. You may use it only to reinstall the software. 5. DOCUMENTATION. Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes. 6. EXPORT RESTRICTIONS. The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting). 7. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it. 8. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services. 9. APPLICABLE LAW. a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort. b. Outside the United States. If you acquired the software in any other country, the laws of that country apply. 10. LEGAL EFFECT. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so. 11. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED "AS-IS." YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. YOU MAY HAVE ADDITIONAL CONSUMER RIGHTS OR STATUTORY GUARANTEES UNDER YOUR LOCAL LAWS WHICH THIS AGREEMENT CANNOT CHANGE. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. 12. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. \$5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES. This limitation applies to anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.

# Introduction

The *User Reports Handbook* is a guide for all those who will be generating and working with the reports and summary information available through this application.

Your site administrator will need to assign specific roles to access this application. You will need to be assigned the full *Accounting* role by your admin user in order to have access to all the reporting functionality discussed in this manual. Please see the *User Administrator Handbook* for instructions on how to assign roles.

There are a number of ways to retrieve batch, deposit, and transaction information with this system. You will be able to generate pre-defined reports and/or create custom reports on a daily, weekly, and monthly basis as well as within specific date ranges. The types of reports available can assist you with the following:

- Balancing batches and deposits
- Creating daily deposit receipts
- Looking at transaction detail information
- Monitoring returned/re-presented collection items
- Reconciling to bank statements
- Determining the status of a batch, deposit, or transaction
- Researching previous batches, deposits, and transactions
- Retrieving images of scanned items
- Generating a list of payments received from your customer

---

**NOTE:** Intuit® QuickBooks® users who want to import transaction details into their QuickBooks accounts can also request to have the option available for your site. Send a request to [epsfilemaintenance@profitstars.com](mailto:epsfilemaintenance@profitstars.com).

---

## Privileges and Roles

The administrator user within your organization will need to assign the (full) *Accounting* role under the *Customer Services* privilege for any users within your organization that will be working with the reporting functionality.

## Session Timeouts

The system will automatically log off users who have been inactive for 30 minutes. A *Session Timeout Warning* page appears two minutes before a user is logged out and provides an opportunity to remain logged in. Click anywhere in the application to remain logged in.

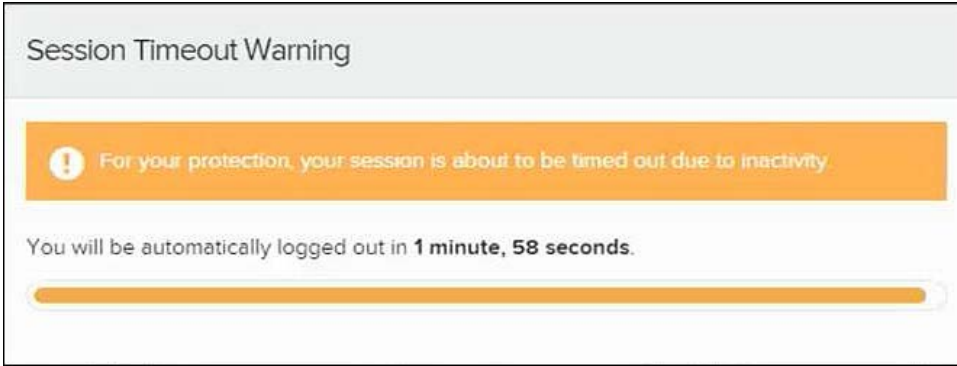

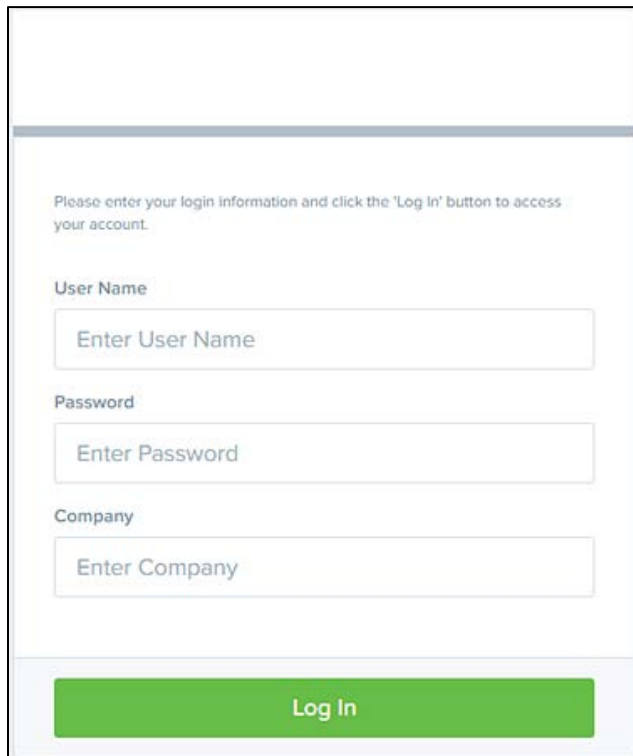

FIGURE 1 - SESSION TIMEOUT WARNING

# Getting Started: Logging In

Your administrator will provide you with a URL address as a route of accessing the application. Save this URL to your favorites. A user name, temporary password, and company name will also be provided so that you may log in to the system. Only the password is case-sensitive.

1. Once at the provided URL address, complete the **User Name**, **Password**, and **Company** fields. Select **Log In**.

Please enter your login information and click the 'Log In' button to access your account.

User Name

Password

Company

FIGURE 2 - CUSTOMER LOGIN PAGE

2. The system will prompt you to change your password. Passwords expire every 90 days and are case-sensitive. Use the following guidelines when creating a new password:
  - At least 1 uppercase letter
  - At least 1 lowercase letter
  - At least 1 number
  - 8-50 characters in length
3. Select **Update Password**.

# Password Security

To help protect users' authentication credentials, each user should have his or her own unique set of credentials. It's best to choose hard-to-guess passwords, including a mix of upper- and lowercase letters, numbers, and special characters. FI Admins should take steps to protect passwords. Never write down your password or share it with anyone. Don't store passwords where they might be found.

Passwords are reset every 90 days, and you cannot reuse any of the previous four passwords. If you suspect that your password has been compromised, change it immediately. Five unsuccessful login attempts will cause a user account to be temporarily locked. To unlock an account, see the "Unlocking a Customer/Member User" section.

## Creating a Secret Question

As a user, you should have an email address associated with your profile where a new temporary password can be sent if you forget your password. If you do not have one set up your administrator can update your user profile to add one. With the associated email address, you will be able to make changes to your password as long as you are not locked out of your profile.

A secret question will need to be set up as a security measure before a new password can be created.

If the secret question is answered correctly you will receive an email with a new temporary password. Secret questions do not need to be a complete question or contain a question mark. The secret question and answer are not case-sensitive.

---

**NOTE:** Single sign-on users will not need to establish a secret question.

---

1. Log in to the system, and select **the user menu | My Settings**, as shown below.

FIGURE 3 - MY SETTINGS

2. The system will prompt you for your current login password in order to reach the *My Settings* page. Once there, make changes to the fields in the *Change Password*, *Secret Question*, and/or *Authorized Caller* sections, as needed.
3. Select **Update** when finished (as pictured below).

FIGURE 4 - MY SETTINGS PAGE

4. Enter an answer in the **Enter New Secret Answer** field and again in the **Confirm New Secret Answer** field. From this page, you can also make changes to your password if needed.
5. Select **Update** when finished.

## Choosing an Identification Phrase

The EPS Support team answers questions about EPS products in the event you need additional help with an application. EPS takes support-related calls from users who have been designated as an authorized caller by the Admin user. If you have been designated as an authorized caller, you will need to set up an identification phrase and answer to verify your status when calling EPS Support for assistance.

Authorized callers: For specific questions about an application, please contact our support team at 877-542-2244.

---

**NOTE:** Non-authorized callers who contact EPS Support will be referred back to their first line of support.

---

1. Log in to the system, and navigate to the *My Settings* page.
2. Click the drop-down arrow under **Identification Phrase** and select a question to answer. This question will be the one asked of you by EPS Support when you call.

The screenshot shows a form titled "Identification Phrase". At the top, there is a text input field containing the question "What is your mother's maiden name?". To the right of this field is a blue arrow pointing right and a small downward-pointing chevron icon, indicating a drop-down menu. Below this are two empty text input fields: "Enter New Identification Phrase Response" on the left and "Confirm New Identification Phrase Response" on the right. At the bottom center of the form is a green button labeled "Update".

FIGURE 5 - IDENTIFICATION PHRASE DROP-DOWN ARROW

3. Type the answer to the question in the **Enter New Identification Phrase Response** field, and again in the **Confirm New Identification Phrase Response** field. EPS Support will verify this answer when you call. From this page, you can also make changes to your password or secret question and answer if needed.
4. Click **Update**.

# Reports

## Commonalities Among Reports

- Reports are generated in Central Time (CT).

- **Print** is an option available for all reports.

- Exporting reports into a Microsoft® Office Excel® spreadsheet, a tab-delimited file (.TSV) or a comma delimited file (.CSV) is available.

FIGURE 6 - EXPORT MENU OPTIONS

- Select **Full Screen** to view your report across your entire monitor screen.

- Select **Filter** to view filters where you can search the report for alphanumeric entries. Deselecting will hide filter fields, and strip the report of your alphanumeric search.

- Select **Filter Columns** to bring a list of all the information columns available in the report. You may configure the list to have certain columns appear in the order you choose, or to hide columns from the report listing.
  - Use the **View** option to determine whether an informational column appears.
  - Use the **Prioritize** tools to change the order of a column in the report.
  - Use the **Freeze** tool to lock a column in place when viewing the report.

FIGURE 7 - WORKING WITH FILTER COLUMNS

**NOTE:** Report filter settings can be saved into a template for later use. However, it is recommended that you save the reports themselves by exporting them to a file saved on your computer.

## Current Transaction Summary & Report

The *Current Transaction Summary* can be found on the *Dashboard* upon logging in. It is a numerical display of the total number of items and dollar amounts of all ACH, Check 21, and credit card debits, credits, refunds, returns, and collection items for all locations being processed by a customer. It covers a rolling 60-day period and is broken down by a transaction's current status within the system.

Although there are many reports you can use to view transactions, the *Current Transaction Summary* allows you to quickly identify any unusual activity regarding your transactions with any of the following status types:

- Declined
- Error
- In Collection

- Voided
- Uncollected NSF
- Suspended (requires financial institution's action to approve or void)
- Disputed
- Invalid/Closed Account

The following table provides a list and definition of all the transaction statuses within the system, for reference.

Status	Definition
Approved	The transaction has been verified and will be processed at the designated cut-off time.
Processed	The transaction has been transmitted to the appropriate network (ACH or Check 21). Changes can no longer be made, and the transaction can no longer be voided.
Collected	<i>(ACH Only)</i> The transaction, originally returned NSF, has been re-presented to the Federal Reserve by ProfitStars, and funds were recovered.
Awaiting Capture	Status for credit card transactions only.
Awaiting Approval	The transaction has been verified, but the amount of the transaction exceeded the Dual Authorization limit of the user who created it. An authorized approver must review and then either approve or void the transaction.
Declined	The transaction has been declined by the EPS system and will not be processed. The transaction exceeded either Dual Authorization limits or Velocity limits.
Voided	The transaction has been voided and will not be processed. A transaction may not be voided once the item is in the <i>Processed</i> status.
Error	An internal error has occurred within the EPS system. Contact your first line of support.
In Collection	<i>(ACH Only)</i> The transaction, returned NSF, is in the process of being re-presented to the Federal Reserve by ProfitStars.
Other ACH Returns	The ACH transaction has been returned by the Federal Reserve. The transaction will be charged back.

Status	Definition
Unauthorized	This includes the total number of transactions and total amount that have been returned with one of five Unauthorized Return Reason Codes (R05, R07, R10, R29, R51).  <b>NOTE:</b> These R codes will no longer be included in the <i>Disputed</i> status totals.
Uncollected NSF	<i>(ACH Only)</i> The transaction was returned to ProfitStars NSF by the Federal Reserve, and funds could not be recovered.
Suspended	The transaction has been verified, but it has exceeded Velocity limits.
Disputed	<i>(ACH Only)</i> The transaction was returned to ProfitStars by the Federal Reserve because the account holder at the receiving financial institution has disputed its validity. The transaction will be charged back (reversed).
Invalid/Closed Account	<i>(ACH Only)</i> The transaction was returned to ProfitStars by the Federal Reserve because the account number at the receiving financial institution was invalid or because the account was closed.
Resolved	The transaction has been moved into a <i>Resolved</i> status by a user to indicate that no further action related to the transaction is required. Transactions can be moved into a <i>Resolved</i> status from a status of <i>Declined, Voided, Invalid/Closed Account, Disputed, Uncollected NSF, Unauthorized, Error, or In Research.</i>
Other Check21 Returns	The Check21 transaction has been returned by the Federal Reserve. The transaction will be charged back.

---

**NOTE:** On the *Current Transaction Summary* report, debits are a debit to the check writer and a credit to the merchant, while credits are a credit to the check writer and a debit to the merchant. On the *Credits and Debits to the Merchants Settlement Account* report, debits are a debit to the merchant account and a credit to the check writer while credits are a credit to the merchant account and a debit to the check writer.

---

The below figure is an example of the *Current Transaction Summary* on the *Dashboard* upon logging into the system.

Status	Debit Count	Debit Amount	Credit Count	Credit Amount
Approved				
<a href="#">Processed</a>	5	\$185.00	1	\$25.00
Collected				
Awaiting Capture				
Awaiting Approval				
<a href="#">Declined</a>	1	\$75.25		
Voided				
Error				
In Collection				
Other ACH Returns				
Unauthorized				
Suspended				
Uncollected NSF				
Disputed				
Invalid / Closed Account				
Resolved				
Other Check21 Returns				

FIGURE 8 - CURRENT TRANSACTION SUMMARY

The *Transaction Status* report is a pre-defined report listing all transactions in a specific status. It is automatically generated when you select a status link from the *Current Transaction Summary*. The list will contain items that have been processed within the last 60 days (except the *Approved* status, which shows up to the last 24 hours) and give you access to individual transaction information and images of the scanned items as well. Follow the steps below to generate a *Transaction Status* report.

1. Log in to the application, and select a status that appears as a link and contains values in the *Current Transaction Summary* (for example, **Approved** in the graphic below).

Current Transaction Summary				
Below is a summary of the previous 60 days of transaction activity as of 1/19/2018, organized by status. Hover over the status to view its definition. Selecting a status link will navigate you to a report of all transactions of that type, where you may adjust the date as necessary, filter the data, save, export, and/or print the activity.				
Status	Debit Count	Debit Amount	Credit Count	Credit Amount
Approved				
Processed	5	\$185.00	1	\$25.00
Collected				
Awaiting Capture				
Awaiting Approval				
Declined	1	\$75.25		
Voided				
Error				
In Collection				
Other ACH Returns				
Unauthorized				
Suspended				
Uncollected NSF				
Disputed				
Invalid / Closed Account				
Resolved				
Other Check21 Returns				

FIGURE 9 - CURRENT TRANSACTION SUMMARY WITH APPROVED STATUS INDICATED

2. A list of the first 25 transactions (default value) is displayed. Select a **View** link in the far left column to view details about that transaction.

**NOTE:** Additional transaction details may be listed depending on the type of ACH transaction displayed.

# Using the Report Builder Utility

The report builder utility can be used to create one-time queries and custom recurring daily, weekly, and monthly reports for bookkeeping, historical research, and problem solving.

There are two options when creating a customized report: **New Report** and **New Shared Report**. While both are customizable, the shared report is available to other users who have access to the system. Other users will be able to pull the shared report and use its settings to generate information. Only the user who created the shared report can delete it.

1. Log in to the application, and select **Reports** from the left main menu.

FIGURE 12 - REPORTS TAB

2. Click **New Report** or **New Shared Report**, if it will be available to others.

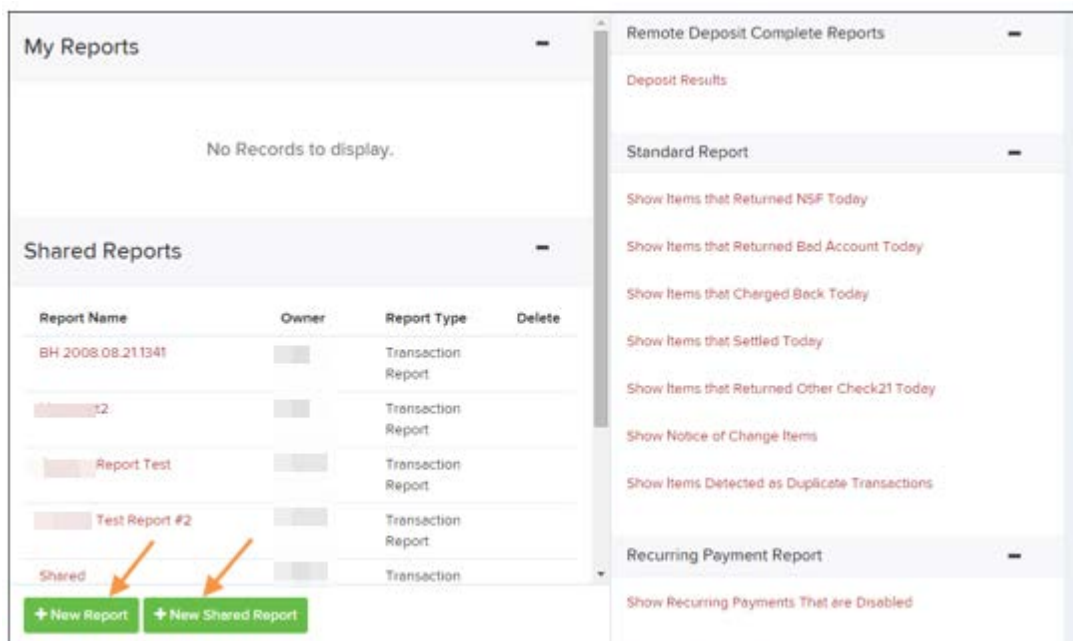

FIGURE 13 - REPORT BUILDER OPTIONS FOR NEW REPORTS

- The *Reports* page appears. In the top bar, enter a **Title** for the report. Fill in the report criteria in each of the four sections: **Report Type**, **Date Range**, **Advanced**, and **Report Column Headers**.

FIGURE 14 – FOUR SECTIONS IN REPORT BUILDING

- Report Type** - Designate if your report will be a *Transaction Report* based upon the current status of a transaction, or a *Historical Event Report* based upon past events a transaction has been through in the system.
- Date Range** - In the **Date Type** field, select either **Transactions Created** or **Effective Dates** for the report, which will determine if the report displays transactions based upon the date they were created versus the date they took effect.
- Select a pre-specified date range using the **Export Date Range** option (ideal for recurring reports), or specify your own date range with the **Start Date** and **Start Time** and the **End Date** and **End Time** fields.

FIGURE 15 - DATE RANGE SECTION

---

**NOTE:** If you are creating a *Historical Event Report*, a custom date range will be unavailable.

---

- *Advanced Filters* section – Specify the **Location** and **Status** of the transaction you wish to have in your report.
  - **Settlement Status:** Whether a transaction has been deposited. Designate a single status or multiple statuses by selecting the appropriate check box(es).
  - **Origin of Transaction:** Determines how the transaction was received and will be coded. You may designate a single origin for the report or multiple origins by selecting the check box next to each option.
  - **Originated As:** Specifies how the transaction will be processed. You may designate a single type or multiple types.
  - **Account Type:** Determines the type of transaction the report will display. You can select a specific account type or select **ALL**.
  - **Operation:** This option specifies what process a transaction has been through. You may designate one process or select **ALL**.
  - **Authority Response Code:** This option represents the types of return responses that can be received for a transaction. Select a specific response code or select **ALL**.
  - **Amount Range:** The **From** and **To** options allow you to look for transactions with a specific amount or between amount values in decimal format (XX.XX).
- *Report Column Headers* – This section allows you to organize how the report displays.
  - Select the **View** check box next to any fields to have them show on the report.
  - Under **Prioritize**, use the arrows to change the order in which information appears. For example, select the upward arrow to have a field listed before others, or the select the downward arrow to have other fields listed before it.
  - Use **Freeze** to lock fields when viewing a report. This will hold certain fields in view while you explore the rest of the report information.

FIGURE 16 - REPORT COLUMN HEADERS SECTION

- At this time, you may choose to select the **Share to All Users** check box (as shown below) if you want to have this report available for other users to view. If you selected **New Shared Report** previously, this box will already be selected.

Alternatively, you may wish to save the report for your own use at a later time by selecting **Save to My Reports**. This option will both save the report and generate a report to view.

Reports / New Report

Title    Share to All Users

FIGURE 17 - SAVE AND RUN REPORT OPTIONS

The report displays results.

- Use the filters to change the report and then select **Run Reports** again, or you can print/export the report, as needed.
- Column headers in the report are selectable by organization. Select a column header to organize the report based on that column's information, in either ascending order (designated by an upward arrow) or descending order (designated by a downward arrow).
- Select **View** to the left of an item to view more details about the transaction.
- To change the report template, adjust the report filters as desired, and then select **Save to My Reports**, which will save the filter options as a template for later use.

---

**NOTE:** Be sure to select the **Share to All Users** check box if you wish to save the report for others to use.

---

# Deposit Results Report

The *Deposit Results* report is a date range report used to display a list of batches created. It can be used to monitor the status of current day batches and the items in them, or to look at previous days' batches and items. Batches displayed in the report can represent a single deposit or be a part of a multi-batch deposit.

- 1. Log in to the application, and select **Reports**.
- 2. Select **Deposit Results**.

FIGURE 18 - DEPOSIT RESULTS OPTION

- 3. The *Deposit Results Search* page appears. Select a **Location ID** from where to pull the report information. Select a date range using either the **Quick Pick** option with a list of pre-set date ranges, or the custom option by entering a **Start Date** and **Start Time** options and the **End Date** and **End Time** options. You can search for report results older than two years (up to seven years), as long as you enter a date range in which the start and end dates are both older than two years.

### Deposit Results Search i

This page displays a list of the deposits made via Remote Deposit.

FIGURE 22 – DOWNLOAD REPORTS, REPORTS PAGE

The following table describes all the fields, in alphabetical order, displayed in the *Deposit Results* report and their definitions.

Field	Definition
ACH Deposit Amount	Total amount of the ACH items in the batch/deposit.
ACH Deposit Count	Number of ACH items in the batch/deposit.
ACH Deposit Date	Deposit date of the ACH items within the batch/deposit.
C21 Deposit Amount	Total amount of the Check 21/Image Replacement Document (IRD) items in the batch/deposit.
C21 Deposit Count	Number of Check 21/Image Replacement Document (IRD) items in the batch/deposit.
C21 Deposit Date	Deposit date of the Check 21/Image Replacement Document (IRD) items within the batch/deposit.
Create Date	Date the batch/deposit was created.
Custom Batch ID	Information that, with the feature enabled, will display a required field when creating a new deposit. This field will be a unique label for a batch/deposit and reflects on the <i>Deposit Results</i> report.
Deposit Details	Link to the list of steps the batch/deposit has taken and the user(s) who processed it.
Deposit Slip ID#	An option that, if enabled, will display a field on the <i>New Deposit</i> page with a value applied to the virtual deposit slip. This value is either predefined or optional and reflects on the <i>Deposit Results</i> report.
Deposit Status	Status of the entire batch/deposit at the time the report is generated.

Field	Definition
Description	Deposit name which is made up of the date/time the batch was created along with a system-assigned batch ID.
Item Details	Link to a list of the individual checks that make up the batch/deposit and their respective statuses.
Location	Account (location) to be credited with the payment. This field appears on the <i>New Deposit</i> page and the <i>Deposit Results</i> report.
Received Amount	Amount of the deposit, after review.
Received Count	Number of items identified in the deposit, after review.
Total Deposit Amount	Total amount of the deposit.
Total Deposit Count	Total number of items in the deposits.
Your Amount	Amount of the deposit entered when creating the batch/deposit.
Your Count	Number of items you entered when creating the batch/deposit.

Notice that the report also displays the status of each transaction under the column *Deposit Status*. The following table describes all the statuses that a transaction can display.

Status	Definition
Deleted	This status indicates that the entire deposit has been deleted by someone in your organization prior to closing it, since a deposit may not be deleted once it has been closed. None of the items in the deposit will be sent to transaction processing.
Deposited	All items have been processed successfully, and the deposit is in balance with no discrepancies or errors. These items are now in the approved status, and an email notification has been sent to a designated user.
Deposited with Adjustment	One or more of the items within the deposit caused an adjustment to the total deposit amount. The transactions have been sent to processing with the adjusted amount, and an email notification has been sent to a designated user.
Open for Scanning	A deposit has been created, and items can be scanned into this deposit until it is closed by a user.

Status	Definition
Partial Deposit	One or more of the items was removed from the deposit due to a duplicate or rejected item. The deposit has been sent to transaction processing with the deposit total minus the items that will not be processed. An email notification has been sent to a designated user.
Rejected	The entire deposit has been rejected. A deposit is rejected when the adjustment amount exceeds the limit assigned by the financial institution or when all items within the deposit are rejected because they are duplicates.
Submitted	The deposit has been closed, and the items are being reviewed for accuracy and errors. Once finished, the status of the items will change to one of the statuses defined previously.

5. Select  **Deposit Details** to view the events the batch has been through. The details will display on the *Deposit Details* page. Navigate back to return to the report results.

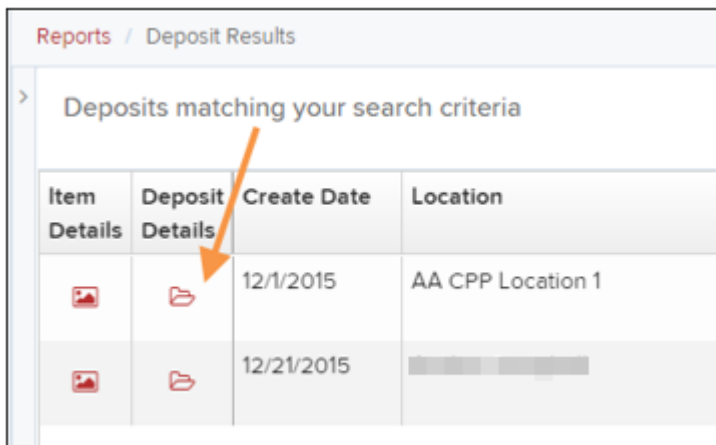

FIGURE 23 - DEPOSIT DETAILS ICON

FIGURE 24 - DEPOSIT DETAILS

6. From the *Deposit Results* page, select  **Item Details** to view the individual transactions within the deposit. Results will appear on the *Item Details* page. Items that need to be rescanned or have been rejected will be in red.

Item Details	Deposit Details	Create Date	Location
		12/1/2015	AA CPP Location 1
		12/21/2015	[REDACTED]

FIGURE 25 - VIEW ITEM DETAILS OPTION FOR DEPOSIT RESULTS

Item Details	Check Image	Sequence #	Item Date	Status	Customer Name	Routing / Account #	Check #	Amount	Deposit As
		1	12/1/2015	Rejected		111016064 / 0		\$85.24	/ NONE

FIGURE 26 - ITEM DETAILS PAGE

A transaction's status indicates where the transaction is in the deposit process. The following table describes all the potential statuses that an item can be in.

Status	Definition
Deposited	The item has been sent to transaction processing and will be processed with the batch/deposit at the designated cutoff time.
Duplicate	The item has been identified as a duplicate of an item that has already been processed within the last 75 days and, therefore, will be rejected from the batch/deposit.
Error	An internal error has occurred within the system. Contact your first line of support.
In Review	The item is waiting for MICR repair or amount key entry. Once those steps have been completed, the status will then change accordingly.
Needs Rescan	The image quality of the check is poor or is a partial image and will need to be rescanned.
Open	The item has been scanned with no problems in an open batch/deposit.

Status	Definition
Rejected	<p>The item has been rejected and will not be processed. An item can be rejected for the following reasons:</p> <ul style="list-style-type: none"> <li>• Invalid MICR</li> <li>• Invalid document</li> <li>• Invalid payment origin</li> <li>• Duplicate item</li> <li>• Batch/Deposit out of adjustment range</li> <li>• Item is above a user's Dual Authorization limit</li> <li>• Item is above a merchant's Velocity limit</li> </ul>

7. Select  **View** under *Item Details* to view the *Batch Item Details* page, which has information about the item in relation to the batch.

Item Details	Check Image	Sequence #	Item Date	Status
		1	12/1/2015	Rejected

## Credits and Debits to Your Merchant Settlement Account

The *Credits and Debits to Your Merchant Settlement Account* report is a date range report that identifies the deposits made on the indicated date(s). The report will also display the individual transaction amounts that make up a deposit and specific details of a transaction.

---

**NOTE:** On the *Current Transaction Summary* report, debits are a debit to the check writer and a credit to the merchant, while credits are a credit to the check writer and a debit to the merchant. On the *Credits and Debits to the Merchants Settlement Account* report, debits are a debit to the merchant account and a credit to the check writer while credits are a credit to the merchant account and a debit to the check writer.

---

1. Log in and select **Reports**.
2. Under **Merchant Settlement Accounts Reports**, select **Credits and Debits to Your Merchant Settlement Account** (as shown below).

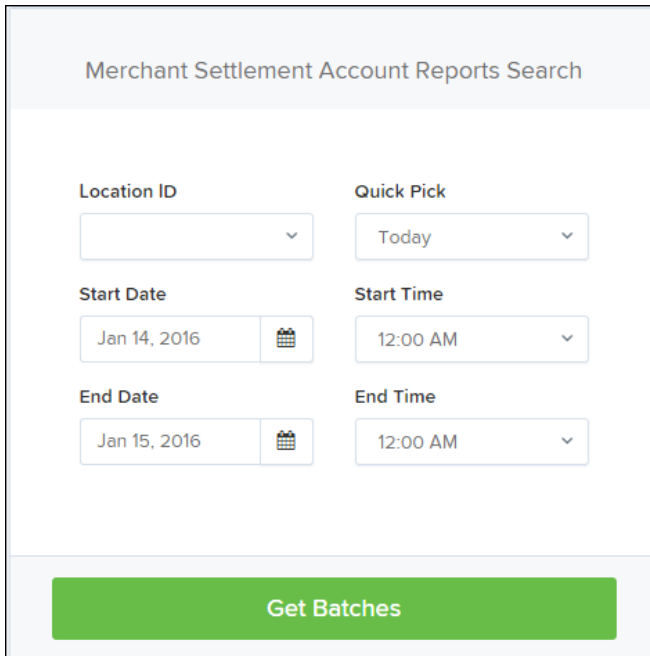

FIGURE 30 - CREDIT AND DEBITS TO YOUR MERCHANT SETTLEMENT ACCOUNT

The *Merchant Settlement Account Reports* search criteria appears. Select a **Location ID** to pull report information from. Select a date range using either the **Quick Pick** option with a list of pre-set date ranges, or the custom option by entering a **Start Date** and **Start Time** and the **End Date** and **End Time**. Depending on the timeframe requested, the report will be delivered for review either on-screen or via file export. For report requests within the past two years, the data will be available within SPB for review. For report requests older than two years, the data will be

available in file download format and located on the *Reports* dashboard, under the *Download Reports* section.

The image shows a search form titled "Merchant Settlement Account Reports Search". It contains several input fields: "Location ID" (a dropdown menu), "Quick Pick" (a dropdown menu with "Today" selected), "Start Date" (a date picker showing "Jan 14, 2016"), "Start Time" (a dropdown menu with "12:00 AM" selected), "End Date" (a date picker showing "Jan 15, 2016"), and "End Time" (a dropdown menu with "12:00 AM" selected). At the bottom of the form is a green button labeled "Get Batches".

FIGURE 31 - MERCHANT SETTLEMENT ACCOUNT SEARCH CRITERIA

3. Select **Get Batches**.
4. Select  **View** under the *Batch Details* column to view the *Batch Details* page.
5. From the *Batch Details* page, select  **View** under the *Transaction Details* column to see more information about that particular transaction in the batch.

Batch Details		Batches matching search criteria			Displaying Page 1 of 1 Records 1 - 2 of 2

				Total Debit Count	1	Total Credit Count
				Total Debit Amount	(\$11.00)	Total Credit Amount
						1
						\$10.00

FIGURE 32 - BATCH DETAILS PAGE

**NOTE:** Additional transaction details may be listed depending on the type of ACH transaction displayed. If you would like a PDF report, contact your FI to have them request the role be added. Once added, the FI Admin will need to enable the role for any users who need the report.

# Standard Reports

Standard reports are pre-defined daily reports. They can provide you with information about notices of changes received, your daily ACH return items and charge backs, as well as items settled that day. To generate these reports, follow the steps below.

1. Log in and select the **Reports** tab from the left main menu.
2. Under the section *Standard Reports*, select the report you wish to run from the list displayed.

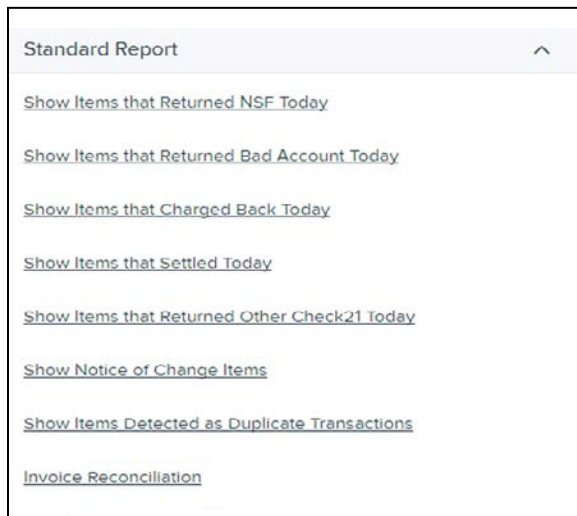

FIGURE 33 - STANDARD REPORTS LIST

3. Once you select a report, it will run automatically with preset criteria in the report filters.
  - a. To make a temporary change to the report criteria:
    - i. Adjust any filters, as needed.
    - ii. Select **Run Report**.
  - b. To make a permanent change (saving the report template):
    - i. Adjust any filters, as needed.
    - ii. Adjust the name of the report and select **Save to My Reports**.

# Invoice Reconciliation Report

This report helps customers reconcile billing invoices with their transactions. It's located under the *Standard Reports* section of the *Reports* page.

To access the *Invoice Reconciliation Report*:

1. From the *Dashboard*, choose the **Reports** tab.
1. Select the **Invoice Reconciliation** link under *Standard Reports*. The date criteria screen appears.

FIGURE 34 – INVOICE RECONCILIATION DATE CRITERIA

2. Select the month and year. The current or future month will not be available for selection. Only past months starting from March 2017 will be available for selection.
3. Click **Run Report**. An example of the report appears below.

Event Occurred	Event Type	Description	Status	Name On Account	Transaction Number	Ref. Number	Amount	Payment Origin	Customer Number	Location ID	Location Name	Originated As...
08/01/2017 12:00:00 AM CT	Originated		Processed	Jack Henry	20170801-1	T:12345	\$6.78	Original Signature			JHA, Inc.	ACH
08/01/2017 12:00:00 AM CT	Originated		Processed	Jack Henry	20170801-2	T:12346	\$6.42	Original Signature			JHA, Inc.	ACH

FIGURE 35 – INVOICE RECONCILIATION REPORT

The report can be filtered, printed and exported. As shown in the following image, you may use filters in the **Event Type** drop-down menu to tie specific types of transactions to line items on invoices, such as *Unauthorized* or *Returned NSF*, for example.

# Recurring Payment Reports

There are two recurring payment reports available: *Show Recurring Payments That Are Disabled* and *Recurring Payments Due*. Each report lists previous and/or current accounts set up on a recurring payment or credit plan.

FIGURE 36 - RECURRING PAYMENT REPORTS

## Recurring Payments That Are Disabled

The *Recurring Payments That Are Disabled* report lists those accounts that no longer have funds being debited from or credited to their accounts.

1. Log in and select **Reports**.
2. Under the heading *Recurring Payment Reports*, select **Show Recurring Payments That Are Disabled**.
3. The *Recurring Payments Reports* page appears. Select a **Location** from where to pull information for the report.

FIGURE 37 - SELECTING A LOCATION FOR RECURRING PAYMENTS THAT ARE DISABLED REPORT

4. Select **View Disabled Recurring Payments**. The recurring payments that are disabled appear. Select  **View** to see the recurring payment details.

5. Select **Update** to save all changes.

## Recurring Payments Due Report

The *Recurring Payments Due* report is a date range report that lists all accounts with active recurring payments set up. This report lists the descriptions and schedule of future payment dates.

1. Log in and select **Reports**.
2. Under *Recurring Payment Report*, select **Recurring Payments Due**.
3. The *Recurring Payment Reports* page appears. Select a location from which to pull information for this report. Select a date range using either the **Quick Pick** option with a list of pre-set date ranges, or the manual option in which you may specify the **Start Date** and **Start Time**, and the **End Date** and **End Time** options.

### Recurring Payment Reports

This page allows you to run recurring payment reports.
